

TRAFFIC DEATHS DOWN
 Reasons for last year's improved traffic conditions was stricter enforcement of traffic laws relating to motorists' violation of pedestrian right-of-way.

'Underpass' Delegation Receives Official Backing of Torrance

With both the Torrance City Council and the Chamber of Commerce endorsing the plan, an eight-man delegation from the South Bay cities last Saturday obtained a promise from the California State Highway Commission that the commission would do all it could to persuade the city of Los Angeles to widen Sepulveda boulevard to a six-lane passage under the Los Angeles Municipal Airport. Bay Area spokesmen told the

commission that the smaller four-lane, tunnel as proposed would choke the western traffic artery leading under the mammoth Los Angeles airport. Sepulveda boulevard is one of the main traffic arteries into Torrance. The delegation termed the artery as the "front door" to Torrance, Palos Verdes Estates, El Segundo and the South Bay communities.

The commissioners also approved an unofficial agreement whereby the City of Los Angeles would start immediately to survey the cost and feasibility of a grade separation at Sepulveda and Imperial Blvds., at the south end of the tunnel. As finally approved, the plan calls for six lanes of traffic under the airport, each lane measuring 10 feet 8 inches in width. There will be three-foot side walks on each side of the tunnel.

Pair Injured in Crash on Carson Street

Two persons were injured, one seriously, last Friday evening when the automobiles which they were driving collided at Carson and Harvard streets, Shoestring. Police said that the accident occurred when a car driven by James W. Chason, 18, a sailor, swerved on the wrong side of the road and crashed head on with a car driven by Matthew N. Bagley, 28, of 1740 North Santa Fe avenue, Compton. Both drivers were taken to the Wilmington emergency hospital where they were treated for possible internal injuries, cuts and bruises. Police said that Chason was seriously hurt.

Moose to Induct Largest Class

The largest class to be inducted in the history of Loyal Order of Moose No. 785 will be initiated into the fraternal organization Friday evening, according to F. A. Dobson, secretary. Ceremonies for the nearly 100 candidates will be held at 8 p.m. in the VFW hall at Arlington and Washington avenues. Although membership of the organization, which now has 191 members, will swell Friday evening, preparations are already under way for an even larger class of initiates in April, Dobson said.

SHE CAN TAKE IT

The aircraft carrier USS INDEPENDENCE, which withstood both Bikini atom bomb blasts, is now in San Francisco.

Omelet or Souffle Charlie's New Chef Serves it

Whether or not his patrons have noticed the difference, Charlie, of Daniels cafe has, and he says that he is well pleased with the new addition to his kitchen staff. However, Charlie says that he can never be too sure just how the new cook, Grant Ferguson, a World War II veteran, will serve the dishes; army style or as Ferguson did when employed by the Shirley Savoy hotel in Denver.

Local Students To Demonstrate Musical Skills

The first in a series of four recitals of orchestra and instrumental students of Torrance schools sponsored by the Band Mothers of Torrance Schools will be held March 30th at 7:30 p.m. at the Fern avenue school, announced Mrs. Helen Selover, president.

The programs, which are open to the public, will be under the direction of Miss Meryn K. Anderson, music teacher in the Torrance schools. Mrs. Selover stressed that the programs were to acquaint the public with the musical skills being developed in the schools.

Two-week courses at 76 schools are offered Naval Reservists for annual training with pay.
